Its participation in the Private Placement constitutes a "related party transaction" as defined in Multilateral Instrument 61- 101 – *Protection of Minority Security Holders in Special Transaction* (“**MI 61-101**”), which has been adopted by the TSX Venture Exchange pursuant to its Policy 5.9 - *Protection of Minority Security Holders in Special Transaction*. The Company did not file a material change report more than 21 days before the expected closing of the Private Placement because the details of the participation therein by related parties of the Company were not settled until shortly prior to closing of such transactions and the Company wished to close on an expedited basis for sound business reasons.
